Hi Mark,
Thank you very much. Safe travels.

Hello Robin,

As you know there have been many changes and either Millan Hupp or Kevin Chmielewski can keep you posted on anything you need for Samantha.

But, in the meantime, let me confirm again that Samantha and Mandy each have a reservation at the same Baglioni hotel in Rome on June 12th. They also have confirmed transportation from the hotel to their Delta flight from Rome to JFK on June 13th.

The Embassy has offered to book their June 12th train from Bologna to Rome if they like or they can just get a ticket once they have decided what time they would like to leave that day. There are many trains available that day and Mandy is already experienced at handling the train station. The Embassy would not book until Monday morning and would have to add a 30Euro processing fee each. Samantha and Mandy will be on their own to get a taxi or Uber from the Rome train station to their hotel. Assuming there is a sedan available, they should be able to get a ride to the train station in Bologna. In a worst case scenario, taxis and uber rides should be readily available.

Hope that helps you, Robin. I expect to fly home on Sunday. Again, Millan and Kevin should be your point of contact on any of these arrangements. I expect to be back at the office on Monday morning unless the Administrator postpones his departure a day.

Have a good weekend, Mark

Hi Mark,
I hope you are well. I am sorry to bother you but I'd appreciate it if you'd help me with a few things getting Samantha and Mandy back home. Below is the schedule I have for

Sunday. I'd like to put together a schedule for Samantha to help her know the plan for 6/11-6/13/flight home. Once the Administrator leaves on Sunday, Samantha and Mandy will be with Jane for the day. Below are a few questions about how they will get around. In particular, last week, we talked with Jane about the Embassy securing 1. train tickets and 2. a hotel room in Rome for Samantha and Mandy on June 12. Is there anything I can do to help secure these plans?
Please know I appreciate your help.
